

# Ghoul

Ghouls are merely humans who've suffered an ungodly amount of radiation and haven't had the good will or good fortune to die. Their flesh is mangled and many people in the wasteland treat them like zombies, but most are decent and handy people. But those Feral Ghouls who prefer the dark, dank undergrounds, they are basically mindless zombies, so kill as many as you damn well please!

Stats:

+2 to Perception

+1 to Endurance

Immune to radiation
